

## **Public Notice – Environmental Project**

### **PURPOSE OF NOTICE:**

The Department of Environmental Quality seeks public comment on the state's response to the environmental aspects of a proposed project in the City of Norfolk.

### **PUBLIC COMMENT PERIOD:**

April 24, 2009 to May 22, 2009

### **TYPE OF RESPONSE:**

Federal Consistency Certification

DEQ is reviewing a federal financial assistance activity to determine if it is consistent with the U.S. Coastal Zone Management Act. The act seeks to protect the quality of air, water or other natural resources in Virginia's coastal area.

### **NAME OF AGENCY PROPOSING THE PROJECT :**

USDOT/Federal Aviation Administration

### **PROJECT DESCRIPTION:**

The Norfolk Airport Authority proposes to repair and rehabilitate the asphalt overlay of Taxiway A and the apron adjacent to the General Aviation Facility at Norfolk International Airport in the City of Norfolk. The proposed action involves milling and applying a 2-1/2" asphalt overlay at Taxiway A and a 1-1/2" overlay of the General Aviation apron. Approximately 65,000 square feet of asphalt would be milled and 7,800 tons of new asphalt overlay would be applied. Improvements would also include new pavement markings after asphalt work is complete. The Airport has submitted a federal consistency certification that finds the proposed action consistent with the enforceable policies of the Virginia Coastal Resources Management Program (VCP) (also called the Virginia Coastal Zone Management Program).

### **HOW TO COMMENT:**

DEQ accepts comments from the public by e-mail, fax or postal mail. All comments must include the name, address and telephone number of the person commenting and be received by DEQ within the comment period. The public may review the project documents at DEQ's central office in Richmond.
